NOVEL CORONAVIRUS (2019nCoV) PREPAREDNESS AND RESPONSE PLAN FOR OUTBREAK CONTROL

CLIENT ACTIVITY LOG HOME QUARANTINE

WHY DO I NEED TO RECORD MY ACTIVITIES?

You need to record your activities because you are currently undergoing active surveillance for 2019 Novel Corona Virus by the Ministry of Health and Wellness (MOHW).

In the event that you develop symptoms, the MOHW will need to quickly identify anyone you may have had contact with. By recording this information and having it readily available to the local Health Department, they can quickly identify and contact anyone who may have been exposed to you in order to provide information and reassurance.

HOW DO I USE THIS LOG?

To begin, enter your name below. Then work with your local Health Department nurse to complete your date of last possible exposure and your date of discharge. Also complete the 'date' spaces in each of the fourteen (14) boxes below. Put an 'X' through each box if that has already passed and you were not under surveillance (for example, if you begin monitoring on day 5, put an 'X' through the boxes for days 1, 2, 3, and 4.)

For each day you are under surveillance, record the name of any person/s that has/have visited your home. You will need to record this information for fourteen (14) days following your last possible exposure to 2019 Novel Corona Virus.
